U DEV 1 Receives Virginia's Department of Minority Business Enterprise SWAM Certification

U DEV 1, Inc., a Fredericksburg-based software development and consulting firm, received approval from Virginia's Department of Minority Business Enterprise (VDMBE) to conduct affairs with agencies of the Commonwealth under the Small, Women and Minority-owned Business (SWAM) program.

U DEV 1, a small and minority-owned business provides innovative software solutions to government and industry that includes the company's commercial and multi-platform software applications created to improve organizations program management and budget reporting capabilities, document and application accessibility, and resource management and administrative functionalities through the use of customized enterprise resource planning solutions.

"U DEV 1 commends the Commonwealth for encouraging its firms to provide for the participation of small businesses and minority-owned businesses through partnerships, joint ventures, subcontracts, or other contractual opportunities," says Gardell Robinson, president of U DEV 1, Inc.

"Launching an IT firm in the Virginia-area is no easy feat, says Robinson. Coupled with the disadvantage that comes along with competing against larger IT integrators with countless contacts and greater budgets, small, women and minority owned businesses look to organization's to improve our chance at procurement success such as Virginia's SWAM program."

U DEV 1's mission is to delete all beliefs that enterprise-level software applications and IT consultation is the privilege of a chosen few by providing software applications and consultation that eliminate redundancies and improve productivity – at a cost suited to fit any business' needs.
